\*Approximate cans/cups.

<sup>1</sup> For each additional pound of body weight, feed an additional 24 kilocalories.

<sup>2</sup> Kilocalories of metabolizable energy.

<sup>3</sup> This daily amount should be divided into two or three small meals throughout the day.

<sup>4</sup> Adjustments may be made for environmental conditions, activity level, body condition, and size. Provide fresh water in a clean container daily.

\*Approximate cans/cups.

<sup>1</sup> For each additional pound of body weight, feed an additional 24 kilocalories.

<sup>2</sup> Kilocalories of metabolizable energy.

<sup>3</sup> This daily amount should be divided into two or three small meals throughout the day.

<sup>4</sup> Adjustments may be made for environmental conditions, activity level, body condition, and size. Provide fresh water in a clean container daily.
